We also offer electronic groupset diagnostic services. Due to various types available and the individual issues they may face, please call for an estimation of work costs.

**Please note that bikes will incur a service cleaning charge (from £10) should the mechanics deem it to be in an un-workable state. Please ensure your bike is clean prior to its service to avoid this charge.**

**Prices are for labour only and are inclusive of VAT.  
Parts that have not been supplied by LifecyleUK will incur a surcharge to fit.**
